

Virginia Green is the Commonwealth of Virginia's campaign to promote environmentally-friendly practices in all aspects of Virginia's tourism industry. **Virginia Green** has established "core activities" specific to each sector of tourism, and these practices are considered the required minimum for participation in the program. However, **Virginia Green** encourages its participants to reduce their environmental impacts in all aspects of their operations; and this profile provides a full list of all their "green" activities. These are the activities that guests / customers can expect to find when they visit this facility.

Virginia Green Attractions Profile:

John Paul Jones Arena

Charlottesville, Virginia

The John Paul Jones Arena is a new 16,000 seat arena at the University of Virginia. It is the home of the University's Men's and Women's Basketball teams and host to a myriad of attractions including concerts, family shows and community events. John Paul Jones Arena is committed to environmental excellence and works to minimize environmental impacts whenever possible.

Virginia Green Activities. When visiting John Paul Jones Arena, you can expect the following practices:
